

Apologies to all investors.

We should have advertised our Global Shares Fund years ago.

+12.14%*

per annum net return over the past 5 years*

To be fair, we've been a bit focused on investing our clients' money, but the other day when someone said they'd never heard of 'The Fund' we thought we can't be having that, we'd better get some ads out there. So here goes.

Since December 2008, the Elevation Capital Global Shares Fund has been quietly getting on with the business of earning returns for its clients without any fuss.

Managed by Elevation Capital, a local firm respected and awarded for its commitment to independent thinking and disciplined investing, the Global Shares Fund has delivered net returns of +12.14% per annum over the last 5 years*. Short and long-term

results are also compelling. If you've got a minute, you can see what we're talking about at: globalsharesfund.co.nz

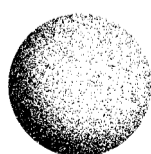

So if those numbers have you feeling a tiny twinge of FOMO, we reckon you should call these numbers: 0800 353 227 and enquire about investing in the Elevation Capital Global Shares Fund. If you like what you read, please tell your friends, it would save us having to do more ads, we'd appreciate it.
